

hp3900-series 0.12 - INSTALLER

Created by Jonathan Bravo Lopez (JKD) <jkdsoft@gmail.com>

Select application you wish to install:

- 1 - Stand-alone application
- 2 - SANE Backend

Installation type [2]: 2

There are binaries for some distros to skip compilation process.

If your distro isn't listed below, select 'others' option to compile sources.

- 1 - Others (Compile)
- 2 - Debian
- 3 - Ubuntu
- 4 - Fedora
- 5 - SuSE

Your distro [-1]: 1

```
- Info : Installation supposes you've already installed SANE in your system
- Action : Checking that path variables point to the right places ...
- Warning: Binaries not found. Must compile first...
- Warning: Sources not found. Must download first...
- Warning: hp3900-series sources must exist to patch SANE sources ...
- Action : Downloading hp3900-series backend sources via SVN ...
./UPDATE.sh: ligne167: svn : commande introuvable
- Error : Some error caused SVN command execution. Are you sure you've installed SVN client?
- Error : Aborting SANE update
- Error : Sources couldn't be downloaded. Aborting compile process ...
- Error : Aborting installation process ...
[root@localhost hp3900-series_0.12]# ^C
[root@localhost hp3900-series_0.12]#
```
